

## EXPERIENCE

### Loka Inc.

Product Designer

Apr 2024—Present

Currently handling the design on a finance project, consistently delivering solutions and enhancing functionalities. Collaborating deeply with developers and project managers to solve problems.

### Loka Inc.

Junior Product Designer

Oct 2023—Apr 2024

Gradually assumed design leadership on a finance project, delivered designs and collaborated on the development of a scalable design system in iterative sprints. Also contributed to various other smaller projects.

### Loka Inc.

Product Design Intern

Apr 2023—Oct 2023

Supported a design team on a finance project by crafting user flows, presenting solutions to clients, and implementing responsive designs. Contributed to several other products including the company's website.

### CISUC—Centre for Informatics and Systems of the University of Coimbra

Student Researcher

May 2021—Mar 2022

Designed and developed the front-end for a web application hosting four interactive games for children, fostering appreciation for traditional music from Portugal, Spain and Italy.
